## Qualifications Summary

- Efficient in methods of UI/UX design and research: Wireframing, prototyping (low/high fidelity), storyboarding, using and creating user personas, grouping and coding data, and forms of research (interviews, surveying, etc)
- Programming: Java (intermediate), Python (intermediate), HTML (beginner), CSS
- Experience with Applications: Figma, Adobe Illustrator, Miro, Excel, Google Drive, GitHub
- Soft Skills: Communication, teamwork, adaptability, critical-thinking, and hard-working

## Education

*Expected June 2025*

University of Washington, Seattle, WA

Bachelor of Science, Human Centered Design & Engineering (HCDE)

- Relevant Coursework: Interactive Systems and Technology, User Research, Visual Communication in HCDE, Computer Programming Series (Java)

## Applicable Experience

*Design Team Member* | DUBvelopers | University of Washington, Seattle, WA

*December 2022-June 2023*

- Produced a high-fidelity design for a website and a mobile-friendly adaption.
- Created a website to suit the client using wireframing, low and high fidelity prototyping in Figma, as well as research methods.

*User Research* | HCDE 313 | University of Washington, Seattle, WA

*March-June 2023*

- Applied research methods such as deep-hanging out, interviews, and surveys were used to gather data on the crime and traffic safety of University Avenue.
- Observed and interviewed participants to gather both qualitative and quantitative data for grouping and thematic analysis to then further explore the data using Excel and Figma.
- Grouped and coded the data to evaluate and propose solutions to improve safety.

*UX Design* | HCDE 301 | University of Washington, Seattle, WA

*March-June 2023*

- Designed and prototyped a shoe that would fit better on a wider foot.
- Conducted surveys and interviews to collect data to satisfy our intended users.
- Presented our findings from the design process and final prototypes.

## Additional Experience

*Fence Installer* | Unlimited Fence Company | Vancouver, WA

*June-September 2021-2023*

- Built fences on both residential and state construction jobsites.
- Worked in a three man crew where communication and teamwork was essential. As well as working in unison with other construction crews.

*Volunteer* | Ridgefield Resource Center | Ridgefield, WA

*June-September 2023*

- Assisted weekly in organizing clothing and food for those in the Ridgefield community.
- Helped host events such as the Ridgefield 'Back To School Bash' helping students who needed school supplies for the new year.
